## Bay Area Christian School Chromebook Agreement

---

Incoming 9<sup>th</sup> - through 12<sup>th</sup> -grade students will be issued **Google Chromebooks** for use in school and at home. This document provides students and their parents/guardians with information about taking care of the equipment, using it to complete assignments, and being a good digital citizen.

Students and their parents/guardians are reminded that use of any technology at school is a privilege and not a right and that everything done on any school-controlled computer, network, or electronic device may be monitored by school authorities. Responsibility for use is detailed in the *Technology Acceptable Use Policy*.

### OWNERSHIP OF THE CHROMEBOOK

Bay Area Christian School retains sole right of possession of any Chromebook issued to a student. The Chromebooks are loaned to the students for educational purposes only for the academic year. Chromebooks are an educational tool and not intended for the purposes of gaming or participation in social media. All Chromebooks will be collected at the end of the academic year and redistributed after school begins in the fall. Students will be issued the same Chromebook each year (So take care of it!). Bay Area Christian School administrative staff and faculty retain the right to collect and/or inspect Chromebooks at any time, including via electronic remote access, and to alter, add or delete installed software or hardware.

Bay Area Christian School requires all Chromebooks used for education to be added to the BACS Google Device Management System.

### RESPONSIBILITY OF THE CHROMEBOOK

Students are solely responsible for the Chromebooks issued to them and must adhere to the following:

- Students must comply with the *Technology Acceptable Use policy*.
- Students must bring their Chromebook to school every day and make sure that it is **fully charged**. Failure to do so may result in disciplinary action.
- Students must treat their device with care and never leave it in an unsecured location.
- Students must not store Chromebooks in vehicles at school or at home for security and temperature control measures.
- Students must promptly report any problems with their Chromebook to the teacher.
- Students may not remove or interfere with the serial number and other identification tags.
- Students may not attempt to remove or change the physical structure of the Chromebook, including the keys, screen cover or plastic casing.
- Students may not attempt to install or run any operating system on the Chromebook other than the ChromeOS operating system supported by the school.
- Students must keep their device clean and free of stickers, writing, drawings, etc. UNLESS the Chromebook is protected by a removable skin or cover.

## RESPONSIBILITY FOR ELECTRONIC DATA

The students are solely responsible for any apps or extensions on their Chromebooks that are not installed by a member of Bay Area Christian School staff. Students are responsible for backing up their data to protect from loss. Users of BACS technology have no rights, ownership, or expectations of privacy to any data that is, or was, stored on the Chromebook, school network, or any school issued applications, and are given no guarantees that data will be retained or destroyed.

## DIGITAL CITIZENSHIP

Students must follow the six conditions of being a good digital citizen:

1. *Respect Yourself*. I will show respect for myself through my actions. I will select online names that are appropriate, I will consider the information and images that I post online. I will consider what personal information about my life, experiences, experimentation or relationships I post. I will not be obscene.
2. *Protect Yourself*. I will ensure that the information, images and materials I post online will not put me at risk. I will not publish my personal details, contact details or a schedule of my activities. I will report any attacks or inappropriate behavior directed at me. I will protect passwords, accounts and resources.
3. *Respect Others*. I will show respect to others. I will not use electronic mediums to antagonize, bully, harass or stalk other people. I will show respect for other people in my choice of websites, I will not visit sites that are degrading, pornographic, racist or inappropriate. I will not abuse my rights of access and I will not enter other people's private spaces or areas.
4. *Protect Others*. I will protect others by reporting abuse, not forwarding inappropriate materials or communications; I will moderate unacceptable materials and conversations, and will not visit sites that are degrading, pornographic, racist or inappropriate.
5. *Respect Intellectual Property*. I will request permission to use resources. I will suitably cite any and all use of websites, books, media etc. I will acknowledge all primary sources. I will validate information. I will use and abide by the fair use rules.
6. *Protect Intellectual Property*. I will request to use the software and media others produce. I will use free and open source alternatives rather than pirating software. I will purchase, license and register all software. I will purchase my music and media, and refrain from distributing these in a manner that violates their licenses. I will act with integrity.

## COPYRIGHT AND FILE SHARING

Students are required to follow all copyright laws surrounding all media including text, images, programs, music, and video. Downloading, sharing, and posting online illegally obtained media is against the *Technology Acceptable Use Policy*.

## SPARE EQUIPMENT AND LENDING

If a student's Chromebook is inoperable, the school has a limited number of spare devices for use while the student's Chromebook is repaired or replaced. This agreement remains in effect for loaner computers. If a student does not bring his/her Chromebook to school, the student may be required to phone home to have a parent/guardian bring the Chromebook or borrow a device from the school based on the direction from his/her teacher. Repeated instances of forgetting Chromebook will result in a discipline penalty.

## LOST OR STOLEN CHROMEBOOKS

Loss or theft of the device is also the student's responsibility and will result in the student being charged the full replacement cost to purchase a new device. Students should not leave Chromebooks in an unsupervised area. Unsupervised Chromebooks found on campus will be confiscated by staff.

## WARRANTY AND SUPPORT

The school will repair or replace damaged equipment due to normal usage or unavoidable accidents. If the unit is under manufacturer warranty it may be sent in for repair depending on the defect or issue. Repair or replacement costs associated with breakage and damages deemed as willful abuse or neglect will be the responsibility of the student. Broken Chromebooks remain the property of the school and will not be returned to students when a replacement is issued. The school will make its best attempt to purchase replacement parts at the best possible price. **Do not take your Chromebook to an outside computer service for any type of repair or maintenance.**

## SIGNATURE FORM

By signing the below, the student and their parent/guardian agree to follow and accept:

- The *Technology Acceptable Use Policy*.
- Bay Area Christian School's Chromebook Agreement.
- Bay Area Christian School owns the Chromebook, software and issued apps.
- Students who cease enrollment at Bay Area Christian: The student/parents will return the Chromebook in good working order (along with the charger) or pay full replacement value.
